WELCOME TO A NEW WORLD OF IMMERSIVE DIGITAL ART AT TEAMLAB PHENOMENA

Embark on a sensory adventure and experience art like never before at this newly opened digital museum at Saadiyat Cultural District, Abu Dhabi. Spanning 17,000 square meters, this permanent exhibition by the renowned Japanese art collective teamLab is a unique evolving space that offers a multi-sensory experience merging art, technology, and nature, where visitors can immerse themselves in ever-changing digital landscapes designed to ignite curiosity and inspire imagination. Interactive installations include butterflies, floating mirror balloons, thousands of shining suns, cloud formations, and much more, presenting a mind-blowing experience different for each visitor and changing with every visit. As a major addition to Abu Dhabi's cultural scene, teamLab Phenomena redefines the boundaries of art and innovation, making it a must-visit destination perfect for all ages.

ENJOY HOLISTIC HOSPITALITY AT TUMBI HOTEL THE PALM

Tumbi Hotel The Palm, part of Hilton's prestigious Tapestry Collection, is the latest addition to Palm Jumeirah. This 4-star boutique-style hotel features 180 elegantly designed rooms and suites, offering stunning views of Ain Dubai, the Dubai Marina skyline, and the Arabian Gulf. Guests can unwind at the rooftop pool or the quaint on-site restaurant, indulge in wellness at the signature spa, and enjoy direct access to the vibrant Palm West Beach for a sophisticated blend of luxury and leisure. Strategically located at the heart of Palm Jumeirah, this alcohol-free hotel is near most of the major attractions in modern Dubai and sets a new benchmark for affordable, stylish, and comfortable accommodation in one of Dubai's most iconic locations.

Don't miss the opportunity to be part of the hottest event of the year, this December!

SOAK UP THE SUN AT DUBAI'S LONGEST BEACH - COMING SOON!

The Jebel Ali Beach Development Project is a 6.6 km stretch poised to transform Dubai's coastline significantly. Featuring a 5 km sandy beach developed by Nakheel and a 1.6 km mangrove beach by Dubai Municipality, this eco-friendly development will be divided into three distinct zones: 'The Pearl' near Palm Jebel Ali, offering family-friendly amenities and dining options; 'The Sanctuary,' focusing on turtle conservation; and 'The Nest,' an educational area within the mangroves. Visitors will enjoy access to a 2 km swimmable area, a 2.5 km diving zone, and various recreational facilities, including viewing platforms, children's play areas, and marine activity zones. Infrastructure plans include a two-lane road, parking for 1,000 vehicles, 80 bicycle racks, a cycling track, and a 5 km running track. Endorsed by His Highness Sheikh Hamdan bin Mohammed bin Rashid Al Maktoum, the project aligns with the Dubai 2040 Urban Master Plan, striving to increase the city's public beach length by 400%, with the aim of further enhancing the quality of life in Dubai and its reputation as the world's best city to live in.
